

Manage Cookies

You can allow, block, or delete the cookies installed on your device by connecting to this website or by configuring the options of the browser installed on your device.

If you are not sure what type and version of browser you are using to access the Internet:

HOW TO MANAGE COOKIES IN WINDOWS

Google Chrome

1. Click on the Chrome menu in the browser toolbar.
2. Select "Settings".
3. Click on "Show advanced settings..."
4. In the "Privacy" section, click the "Content settings..." button.
5. In the "Cookies" section, you can choose the following options: Delete cookies, block or allow cookies by default, include exceptions for cookies from specific domains or websites.
6. For more information, see Google Chrome Help.

Mozilla Firefox

1. At the top of the Firefox window, click the Firefox button and select "Options".
2. Select the "Privacy" panel.
3. In "Firefox", you can choose "Use custom settings for history".
4. Check the "Accept cookies" option to enable them and uncheck it to disable them.
5. If you do not want to receive third-party cookies, uncheck "Accept third-party cookies".
6. You can consult Mozilla Help for more information.
